UN/FY™ MY HUB & ASK BKR

YOUR LENDING COMMAND CENTER

Empower commercial relationship managers to grow client wallet share by meeting more complex commercial client needs. Baker Hill UN/FY™ Commercial Loan Origination allows your institution to address all your commercial lending needs in a single integrated platform.

STOP CLICKING. START LENDING.

Commercial lenders don't need more systems to manage. They need one place where everything comes together.

My Hub in Baker Hill UN/FY™ brings insights, actions, and AI together into a single intelligent workspace — so relationship managers can see what matters, act faster, and grow deeper client relationships.

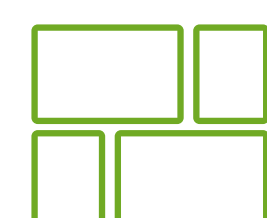

From opportunities and renewals to approvals and tasks, My Hub gives lenders a clear view of the day ahead and the tools to move deals forward without friction. Because when lenders spend less time navigating systems, they spend more time serving clients.

WHAT MY HUB DELIVERS

Quick Actions

Launch your most common workflows instantly — applications, spreads, approvals, and more — without hunting through menus. Less navigation. More lending.

Intelligent Widget

See the deals, renewals, tasks, and approvals that require attention today. My Hub surfaces what matters so lenders can prioritize with confidence.

Ask BKR Integration

Your built-in AI assistant provides instant answers, policy guidance, client insights, and task support — helping lenders move faster without second-guessing.

Customization

Every lender works differently. My Hub adapts to roles, priorities, and workflows so each user sees exactly what they need — nothing more, nothing less.

BUILT FOR RELATIONSHIP-DRIVEN LENDING

Baker Hill has spent more than **40** years helping financial institutions strengthen the banker-customer relationship. Today, more than **20,000** bankers rely on Baker Hill solutions to streamline lending and support the communities they serve. My Hub continues that mission — bringing clarity, speed, and intelligence to every lending decision.

Lend Better. Lend Faster. Lend More.
